Investment Results (Unaudited)

Average Annual Total Returns* as of March 31, 2024

| | Six Months | One Year | Five years | Ten years |
|--|------------|----------|------------|-----------|
| Channel Short Duration Income Fund | 6.80% | 8.79% | 3.87% | 2.84% |
| Bloomberg U.S. 1-5 Year Government/ Credit Index ^(a) | 3.58% | 3.16% | 1.24% | 1.40% |
| Bloomberg U.S. Intermediate Government/Credit Bond Index ^(b) | 4.40% | 2.69% | 1.09% | 1.61% |

Total annual operating expenses as disclosed in the Channel Short Duration Income Fund (the “Fund”) prospectus dated January 28, 2024 were 1.18% of average daily net assets (0.95% after fee waivers and/or expense reimbursement by Channel Investment Partners LLC (the “Adviser”). The Adviser has contractually agreed to waive its management fee and reimburse certain Fund operating expenses through January 31, 2025 so that the total annual operating expenses, excluding portfolio transaction and other investment-related costs (including brokerage fees and commissions); taxes; borrowing costs (such as interest and dividend expenses on securities sold short); acquired fund fees and expenses; fees and expenses associated with investments in other collective investment vehicles or derivative instruments (including for example option and swap fees and expenses); any amounts payable pursuant to a distribution or service plan adopted in accordance with Rule 12b-1 under the Investment Company Act of 1940, as amended; any administrative and/or shareholder servicing fees payable pursuant to a plan adopted by the Board of Trustees of the Trust (the “Board”); expenses incurred in connection with any merger or reorganization; extraordinary expenses (such as litigation expenses, indemnification of Trust officers and Trustees and contractual indemnification of Fund service providers); and other expenses that the Trustees agree have not been incurred in the ordinary course of the Fund’s business, do not exceed 0.95% of the Fund’s average daily net assets. This expense cap may not be terminated prior to this date except by the Board upon (60) days’ written notice to the Adviser. Each waiver/expense payment by the Adviser is subject to recoupment by the Adviser from the Fund in the three years following the date the particular waiver/expense payment occurred, but only if such recoupment can be achieved without exceeding the annual expense limitation in effect at the time of the waiver/expense payment and any expense limitation in effect at the time of the recoupment. Additional information pertaining to the Fund’s expense ratios as of March 31, 2024 can be found in the financial highlights.

The performance quoted represents past performance, which does not guarantee future results. The investment return and principal value of an investment will fluctuate so that an investor’s shares, when redeemed, may be worth more or less than their original cost. The returns shown do not reflect deduction of taxes that a shareholder would pay on Fund distributions or the redemption of Fund shares. Current performance of the Fund may be lower or higher than the performance quoted. The Fund’s investment objective, risks, charges and expenses should be considered carefully before investing. Performance data current to the most recent month-end may be obtained by calling (877) 627-8504.

* Return figures reflect any change in price per share and assume the reinvestment of all distributions. The Fund’s returns reflect any fee reductions during the applicable periods. If such fee reductions had not occurred, the quoted performance would have been lower. Total returns for periods less than one year are not annualized.

(a) The Bloomberg U.S. 1-5 Year Government/Credit Bond Index (the “U.S. 1-5 Year Government/Credit Bond Index”) is a widely recognized unmanaged index of bond prices and is representative of a broader market and range of securities than is found in the Fund’s portfolio. The U.S. 1-5 Year Government /Credit Bond Index measures performance of U.S. dollar-denominated U.S. Treasury bonds, government related bonds and investment grade U.S. corporate bonds that have a remaining

Investment Results (Unaudited) (continued)

maturity of greater than or equal to one year and less than five years.

(b) The Bloomberg U.S. Intermediate Government/Credit Bond Index (the “U.S. Intermediate Government/Credit Bond Index”) is a widely recognized unmanaged index of bond prices and is representative of a broader market and range of securities than is found in the Fund’s portfolio. The U.S. Intermediate Government/Credit Bond Index measures the performance of U.S. Dollar-denominated U.S. Treasury bonds, government-related bonds and investment grade U.S. corporate bonds that have a remaining maturity of greater than one year and less than ten years. The U.S. Intermediate Government/Credit Bond Index assumes reinvestment of all distributions and excludes the effect of taxes and fees. Individuals cannot invest directly in the U.S. Intermediate Government/Credit Bond Index; however, an individual may invest in exchange-traded funds or other investment vehicles that attempt to track the performance of a benchmark index

You should consider the Fund’s investment objective, risks, charges and expenses carefully before investing. The Fund’s prospectus contains important information about the Fund’s investment objective, potential risks, management fees, charges and expenses, and other information and should be read carefully before investing. You may obtain a current copy of the Fund’s prospectus or performance data current to the most recent month-end by calling (877) 627-8504.

The Fund is distributed by Ultimus Fund Distributors, LLC, member FINRA/SIPC.

FUND HOLDINGS (Unaudited)

Channel Short Duration Income Fund Holdings as of March 31, 2024*

* As a percentage of net assets.

(a) Rounds to less than \$0.005 per share.

(b) Total return represents the rate that the investor would have earned or lost on an investment in the Fund, assuming reinvestment of distributions.

(c) Not annualized.

(d) Annualized.

(e) Turnover may be elevated in times of market volatility as part of a systematic U.S. Treasury trading strategy used to manage overall portfolio risk with the possibility of generating excess returns.

(f) Elevated portfolio turnover rate is due to adviser change during the fiscal year ended September 30, 2020.

Channel Short Duration Income Fund

Notes to the Financial Statements

March 31, 2024 (Unaudited)

NOTE 1. ORGANIZATION

Channel Short Duration Income Fund (the “Fund”) was organized as a diversified series of Unified Series Trust (the “Trust”) on June 15, 2005, and is registered under the Investment Company Act of 1940, as amended (the “1940 Act”). The Trust is an open-end investment company established under the laws of Ohio by an Agreement and Declaration of Trust dated October 14, 2002, as amended (the “Trust Agreement”). The Trust Agreement permits the Board of Trustees of the Trust (“the Board”) to issue an unlimited number of shares of beneficial interest of separate series. The Fund is one of a series of funds currently authorized by the Board. The Fund commenced operations on October 4, 2005. The investment adviser to the Fund is Channel Investment Partners LLC (the “Adviser”). The Fund seeks to provide total return, comprised of both income and capital appreciation.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

The Fund is an investment company and follows accounting and reporting guidance under Financial Accounting Standards Board Accounting Standards Codification (“ASC”) Topic 946, “Financial Services-Investment Companies”, including Accounting Standards Update 2013-08. The following is a summary of significant accounting policies followed by the Fund in the preparation of its financial statements. These policies are in conformity with generally accepted accounting principles in the United States of America (“GAAP”).

Regulatory Update – Tailored Shareholder Reports for Mutual Funds and Exchange-Traded Funds (“ETFs”) – Effective January 24, 2023, the Securities and Exchange Commission adopted rule and form amendments to require mutual funds and ETFs to transmit concise and visually engaging streamlined annual and semiannual reports to shareholders that highlight key information. Other information, including financial statements, will no longer appear in a streamlined shareholder report but must be available online, delivered free of charge upon request, and filed on a semiannual basis on Form N-CSR. The rule and form amendments have a compliance date of July 24, 2024. At this time, management is evaluating the impact of these amendments on the shareholder reports for the Fund.

Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets from operations during the reporting period. Actual results could differ from those estimates.

Federal Income Taxes – The Fund makes no provision for federal income or excise tax. The Fund has qualified and intends to qualify each year as a regulated investment

Channel Short Duration Income Fund

Notes to the Financial Statements (continued)

March 31, 2024 (Unaudited)

company (“RIC”) under subchapter M of the Internal Revenue Code of 1986, as amended, by complying with the requirements applicable to RICs and by distributing substantially all of its taxable income. The Fund also intends to distribute sufficient net investment income and net realized capital gains, if any, so that it will not be subject to excise tax on undistributed income and gains. If the required amount of net investment income or gains is not distributed, the Fund could incur a tax expense.

As of and during the six months ended March 31, 2024, the Fund did not have any liabilities for any unrecognized tax benefits. The Fund recognizes interest and penalties, if any, related to unrecognized tax benefits as income tax expense in the Statement of Operations when incurred. During the six months ended March 31, 2024, the Fund did not incur any interest or penalties. Management of the Fund has reviewed tax positions taken in tax years that remain subject to examination by all major tax jurisdictions, including federal (i.e., the previous three tax year ends and the interim tax period since then, as applicable) and has concluded that no provision for unrecognized tax benefits or expenses is required in these financial statements and does not expect this to change over the next twelve months.

Expenses – Expenses incurred by the Trust that do not relate to a specific fund of the Trust are allocated to the individual funds of the Trust based on each fund’s relative net assets or another appropriate basis (as determined by the Board).

Security Transactions and Related Income – The Fund follows industry practice and records security transactions on the trade date for financial reporting purposes. The specific identification method is used for determining gains or losses for financial statement and income tax purposes. Dividend income is recorded on the ex-dividend date and interest income is recorded on an accrual basis. Non-cash income, if any, is recorded at the fair market value of the securities received. Withholding taxes on foreign dividends, if any, have been provided for in accordance with the Fund’s understanding of the applicable country’s tax rules and rates.

Redemptions Fees – The Fund charges a 1.00% redemption fee for shares redeemed within 60 calendar days of purchase. These fees are deducted from the redemption proceeds otherwise payable to the shareholder. The Fund will retain the fee charged as an increase in paid-in capital and such fees become part of the Fund’s daily NAV calculation.

Dividends and Distributions – The Fund intends to distribute substantially all of its net investment income, if any, monthly. The Fund intends to distribute its net realized long-term and short-term capital gains, if any, annually. Distributions to shareholders, which are determined in accordance with income tax regulations, are recorded on the ex-dividend date. The treatment for financial reporting purposes of distributions made to shareholders during the year from net investment income or net realized capital gains may differ from

Channel Short Duration Income Fund

Notes to the Financial Statements (continued)

March 31, 2024 (Unaudited)

their ultimate treatment for federal income tax purposes. These differences are caused primarily by differences in the timing of the recognition of certain components of income, expense or realized capital gain for federal income tax purposes. Where such differences are permanent in nature, they are reclassified in the components of the net assets based on their ultimate characterization for federal income tax purposes. Any such reclassifications will have no effect on net assets, results of operations or NAV per share of the Fund.

NOTE 3. SECURITIES VALUATION AND FAIR VALUE MEASUREMENTS

The Fund values its portfolio securities at fair value as of the close of regular trading on the New York Stock Exchange (“NYSE”) (normally 4:00 p.m. Eastern Time) on each business day the NYSE is open for business. Fair value is defined as the price that the Fund would receive upon selling an investment in a timely transaction to an independent buyer in the principal or most advantageous market of the investment. GAAP establishes a three-tier hierarchy to maximize the use of observable market data and minimize the use of unobservable inputs and to establish classification of fair value measurements for disclosure purposes.

Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk (the risk inherent in a particular valuation technique used to measure fair value including a pricing model and/or the risk inherent in the inputs to the valuation technique). Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained and available from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity’s own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

Various inputs are used in determining the value of the Fund’s investments. These inputs are summarized in the three broad levels listed below.

- Level 1 – unadjusted quoted prices in active markets for identical investments and/or registered investment companies where the value per share is determined and published and is the basis for current transactions for identical assets or liabilities at the valuation date
- Level 2 – other significant observable inputs (including, but not limited to, quoted prices for an identical security in an inactive market, quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.)

Channel Short Duration Income Fund

Notes to the Financial Statements (continued)

March 31, 2024 (Unaudited)

- Level 3 – significant unobservable inputs (including the Fund’s own assumptions in determining fair value of investments based on the best information available)

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy which is reported is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Debt securities are valued by using the mean between the closing bid and ask prices provided by a pricing service. If the closing bid and ask prices are not readily available, the pricing service may provide a price determined by a matrix pricing method. Matrix pricing is a mathematical technique used to value fixed income securities without relying exclusively on quoted prices. Matrix pricing takes into consideration recent transactions, yield, liquidity, risk, credit quality, coupon, maturity, type of issue and any other factors or market data the pricing service deems relevant for the actual security being priced and for other securities with similar characteristics. These securities will generally be categorized as Level 2 securities. If the Adviser, as Valuation Designee, decides that a price provided by the pricing service does not accurately reflect the fair value of the securities or when prices are not readily available from a pricing service, securities are valued at fair value as determined by the Valuation Designee, in conformity with the Valuation Designee’s valuation policies and procedures which comply with guidelines adopted by the Board. All fair value pricing and the pricing methodology are subject to review and approval by the Board’s Pricing & Liquidity Committee. These securities will generally be categorized as Level 3 securities.

Investments in mutual funds, including money market mutual funds, are generally priced at the ending NAV provided by the service agent of the mutual funds. These securities are categorized as Level 1 securities.

In accordance with the Trust’s valuation policies and fair value determinations pursuant to Rule 2a-5 under the 1940 Act, the Valuation Designee is required to consider all appropriate factors relevant to the value of securities for which it has determined other pricing sources are not available or reliable as described above. No single method exists for determining fair value because fair value depends upon the circumstances of each individual case. As a general principle, the current fair value of a security being valued by the Valuation Designee would be the amount that the Fund might reasonably expect to receive upon the current sale. Methods that are in accordance with this principle may, for example, be based on (i) a multiple of earnings; (ii) a discount from market prices of a similar freely traded security (including a derivative security or a basket of securities traded on other markets, exchanges or among dealers); or (iii) yield to maturity with respect to debt issues, or a combination of these and other methods. Fair-value pricing is permitted if, in the

Channel Short Duration Income Fund

Notes to the Financial Statements (continued)

March 31, 2024 (Unaudited)

Valuation Designee's opinion, the validity of market quotations appears to be questionable based on factors such as evidence of a thin market in the security based on a small number of quotations, a significant event occurs after the close of a market but before a Fund's NAV calculation that may affect a security's value, or the Valuation Designee is aware of any other data that calls into question the reliability of market quotations. The Valuation Designee may obtain assistance from others in fulfilling its duties. For example, it may seek assistance from pricing services, fund administrators, sub-advisers, accountants, or counsel; it may also consult the Trust's Fair Value Committee. The Valuation Designee, however, remains responsible for the final fair value determination and may not designate or assign that responsibility to any third party.

The following is a summary of the inputs used to value the Fund's investments as of March 31, 2024:

| Assets | Valuation Inputs | | | |
|---------------------------|------------------|--------------|---------|--------------|
| | Level 1 | Level 2 | Level 3 | Total |
| Domestic Corporate Bonds | \$— | \$28,141,886 | \$— | \$28,141,886 |
| Foreign Corporate Bonds | — | 1,227,425 | — | 1,227,425 |
| U.S. Treasury Obligations | — | 1,986,250 | — | 1,986,250 |
| Money Market Funds | 187,620 | — | — | 187,620 |
| Total | \$187,620 | \$31,355,561 | \$— | \$31,543,181 |

The Fund did not hold any investments during or at the end of the reporting period for which significant unobservable inputs (Level 3) were used in determining fair value; therefore, no reconciliation of Level 3 securities is included for this reporting period.

NOTE 4. FEES AND OTHER TRANSACTIONS WITH AFFILIATES AND OTHER SERVICE PROVIDERS

The Adviser, under the terms of the management agreement with the Trust with respect to the Fund (the "Agreement"), manages the Fund's investments. As compensation for its management services, the Fund is obligated to pay the Adviser a management fee computed and accrued daily and paid monthly at an annual rate of 0.40% of the Fund's average daily net assets. For the six months ended March 31, 2024, the Adviser earned fees of \$62,400, from the Fund. At March 31, 2024, the Adviser was owed \$5,159 from the Fund.

The Adviser has contractually agreed to waive its management fee and/or reimburse expenses through January 31, 2025 so that the Fund's total annual operating expenses, excluding portfolio transaction and other investment-related costs (including brokerage fees and commissions); taxes; borrowing costs (such as interest and dividend expenses on securities sold short); acquired fund fees and expenses; fees and expenses associated with investments in other collective investment vehicles or derivative instruments (including, for example, option and swap fees and expenses); any amounts payable pursuant to a

Channel Short Duration Income Fund

Notes to the Financial Statements (continued)

March 31, 2024 (Unaudited)

distribution or service plan adopted in accordance with Rule 12b-1 under the 1940 Act, as amended; any administrative and/or shareholder servicing fees payable pursuant to a plan adopted by the Board of Trustees; expenses incurred in connection with any merger or reorganization; extraordinary expenses (such as litigation expenses, indemnification of Trust officers and Trustees and contractual indemnification of Fund service providers); and other expenses that the Trustees agree have not been incurred in the ordinary course of Fund's business, do not exceed 0.95% of the Fund's average daily net assets. For the six months ended March 31, 2024, the Adviser waived fees of \$32,366.

Each waiver/expense payment by the Adviser is subject to recoupment by the Adviser from the Fund in the three years following the date the particular waiver/expense payment occurred, but only if such recoupment can be achieved without exceeding the applicable annual expense limitation in effect at the time of the waiver/expense payment and any expense limitation in effect at the time of recoupment. As of March 31, 2024, the Adviser may seek repayment of management fees waived and expense reimbursements pursuant to the aforementioned conditions, from the Fund no later than the dates stated below:

| Recoverable Through | | |
|----------------------------|----|--------|
| September 30, 2024 | \$ | 22,032 |
| September 30, 2025 | | 65,182 |
| September 30, 2026 | | 69,992 |
| March 31, 2027 | | 32,366 |

Ultimus Fund Solutions, LLC ("Ultimus") provides administration, fund accounting and transfer agent services to the Fund. The Fund pays Ultimus fees in accordance with the agreements for such services.

Northern Lights Compliance Services, LLC ("NLCS"), an affiliate of Ultimus, provides a Chief Compliance Officer to the Trust, as well as related compliance services, pursuant to a consulting agreement between NLCS and the Trust. Under the terms of such agreement, NLCS receives fees from the Fund, which are approved annually by the Board.

Under the terms of a Distribution Agreement with the Trust, Ultimus Fund Distributors, LLC (the "Distributor") serves as principal underwriter to the Fund. The Distributor is a wholly-owned subsidiary of Ultimus. The Distributor is compensated by the Adviser (not the Fund) for acting as principal underwriter.

Channel Short Duration Income Fund

Notes to the Financial Statements (continued)

March 31, 2024 (Unaudited)

Certain officers of the Trust are also employees of Ultimus and such persons are not paid by the Fund for serving in such capacities. One Trustee is a former employee of Ultimus who is not currently paid by the Fund for serving in such capacity.

The Board supervises the business activities of the Trust. Each Trustee serves as a trustee until termination of the Trust unless the Trustee dies, resigns, retires, or is removed. The Chair of the Board and more than 75% of the Trustees are "Independent Trustees," which means that they are not "interested persons" as defined in the 1940 Act. The Independent Trustees review and establish compensation at least annually. Each Independent Trustee of the Trust receives annual compensation, which is an established amount paid quarterly per fund in the Trust at the time of the regular quarterly Board meetings. The Chair of the Board receives the highest compensation, commensurate with his additional duties and each Chair of a committee receives additional compensation as well. Independent Trustees also receive additional fees for attending any special meetings. In addition, the Trust reimburses Independent Trustees for out-of-pocket expenses incurred in conjunction with attendance at meetings.

NOTE 5. PURCHASES AND SALES OF SECURITIES

For the six months ended March 31, 2024, purchases and sales of investment securities, other than short-term investments and short-term U.S. government obligations were as follows:

Purchases

| | | |
|-----------------------------|----|-------------|
| U.S. Government Obligations | \$ | 588,508,961 |
| Other | | 221,746,757 |

Sales

| | | |
|-----------------------------|----|-------------|
| U.S. Government Obligations | \$ | 588,608,464 |
| Other | | 222,883,113 |

NOTE 6. FEDERAL TAX INFORMATION

At March 31, 2024, the net unrealized appreciation (depreciation) and tax cost of investments for tax purposes were as follows:

| | | |
|---|----|-------------------|
| Gross unrealized appreciation | \$ | 1,086,063 |
| Gross unrealized depreciation | | (364,985) |
| Net unrealized appreciation/(depreciation) on investments | \$ | <u>721,078</u> |
| Tax cost of investments | \$ | <u>30,822,103</u> |

The tax character of distributions paid for the fiscal year ended September 30, 2023, the Fund's most recent fiscal year end, was as follows:

Channel Short Duration Income Fund

Notes to the Financial Statements (continued)

March 31, 2024 (Unaudited)

Distributions paid from:

| | |
|--------------------------------|---------------------|
| Ordinary income ^(a) | \$ 1,562,379 |
| Total distributions paid | <u>\$ 1,562,379</u> |

^(a) Short-term capital gain distributions are treated as ordinary income for tax purposes.

At September 30, 2023, the components of accumulated earnings (deficit) on a tax basis were as follows:

| | |
|--|-----------------------|
| Undistributed ordinary income | \$ 157,854 |
| Distributions payable | (138,055) |
| Accumulated capital and other losses | (2,395,935) |
| Unrealized depreciation on investments | <u>(298,377)</u> |
| Total accumulated deficits | <u>\$ (2,674,513)</u> |

At September 30, 2023, the difference between book basis and tax basis unrealized appreciation (depreciation) is primarily attributable to the tax deferral of wash sales and dividends payable.

As of September 30, 2023, the Fund had accumulated short-term capital loss carryforwards of \$1,691,540 and long-term capital loss carryforwards of \$704,395, not subject to expiration.

NOTE 7. COMMITMENTS AND CONTINGENCIES

The Trust indemnifies its officers and Trustees for certain liabilities that may arise from their performance of their duties to the Trust or the Fund. Additionally, in the normal course of business, the Trust enters into contracts that contain a variety of representations and warranties which provide general indemnifications. The Trust's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Trust that have not yet occurred.

NOTE 8. SUBSEQUENT EVENTS

Management of the Fund has evaluated the need for disclosures and/or adjustments resulting from subsequent events through the date at which these financial statements were issued. Based upon this evaluation, management has determined there were no items requiring adjustment of the financial statements or additional disclosure.

Summary of Fund Expenses (Unaudited)

As a shareholder of the Fund, you incur two types of costs: (1) transaction costs, including redemption fees; and (2) ongoing costs, including management fees and other Fund expenses. These examples are intended to help you understand your ongoing costs (in dollars) of investing in the Fund and to compare these costs with the ongoing costs of investing in other mutual funds. The example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period from October 1, 2023 through March 31, 2024.

Actual Expenses

The first line of the table below provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line under the heading “Expenses Paid During Period” to estimate the expenses you paid on your account during this period.

Hypothetical Example for Comparison Purposes

The second line of the table below provides information about hypothetical account values and hypothetical expenses based on the Fund’s actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund’s actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in the Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of other funds.

Expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs. Therefore, the second line of the table below is useful in comparing ongoing costs only and will not help you determine the relative total costs of owning different funds. In addition, if transaction costs were included, your costs would have been higher.

| | Beginning Account Value October 1, 2023 | Ending Account Value March 31, 2024 | Expenses Paid During Period^(a) | Annualized Expense Ratio |
|-----------------------------|--|--|--|---|
| Actual | \$ 1,000.00 | \$ 1,068.00 | \$ 4.90 | 0.95% |
| Hypothetical ^(b) | \$ 1,000.00 | \$ 1,020.26 | \$ 4.79 | 0.95% |

- (a) Expenses are equal to the Fund’s annualized expense ratios, multiplied by the average account value over the period, multiplied by 183/366 (to reflect the one-half year period).
- (b) Hypothetical assumes 5% annual return before expenses.

Investment Advisory Agreement Approval (Unaudited)

The Channel Short Duration Income Fund (the “Fund”) is a series of Unified Series Trust (the “Trust”). The Trust’s Board of Trustees (the “Board” or “Trustees”) oversees the management of the Fund and, as required by law, considered the approval of the continuance of the Fund’s management agreement with its investment adviser, Channel Investment Partners LLC (“Channel”).

The Board requested and evaluated all information that the Trustees deemed reasonably necessary under the circumstances in connection with the approval of the continuance of the management agreement.

The Trustees held a teleconference on February 21, 2024 to review and discuss materials received from Channel and the Trust CCO, which were compiled by Ultimus Fund Solutions, LLC, the Trust’s administrator, with regard to the renewal of the management agreement between the Trust and Channel. At the Trustees’ quarterly meeting held in February 2024, the Board interviewed Channel’s Managing Member, President, Chief Investment Officer, and Chief Compliance Officer, at which time he reviewed the information previously provided, discussed the Fund’s strategy and its approach to investing, and responded to all questions from the Trustees. After discussion, the Trustees, including the Trustees who are not “interested persons” (as that term is defined in the Investment Company Act of 1940) of the Trust or Channel (the “Independent Trustees”), approved the continuance of the management agreement between the Trust and Channel for an additional year. The Trustees’ approval of the continuance of the Fund’s management agreement was based on a consideration of all the information provided to the Trustees and was not the result of any single factor. Some of the factors that figured particularly in the Trustees’ deliberations are described below, although individual Trustees may have evaluated this information differently, ascribing different weights to various factors.

(i) The Nature, Extent, and Quality of Services. The Trustees reviewed and considered information regarding the nature, extent, and quality of services that Channel provides to the Fund, which include, but are not limited to, providing a continuous investment program for the Fund, adhering to the Fund’s investment restrictions, complying with the Trust’s policies and procedures, and voting proxies on behalf of the Fund. The Trustees considered the qualifications and experience of Channel’s portfolio manager who is responsible for the day-to-day management of the Fund’s portfolio, as well as the qualifications and experience of other resources utilized by Channel to provide services to the Fund. The Trustees noted the excellent presentation by Channel, which demonstrated a thorough understanding of the market, investment strategies, and analysis. They expressed confidence in the firm and noted that the compliance review concluded Channel’s policies and procedures are reasonably designed to prevent securities law violations. The Trustees concluded that they were impressed with the strong nature, extent, and quality of investment management services provided by Channel to the Fund. They further noted Channel’s commitment to compliance by continuing to rely upon outside resources until the Managing Member can grow the firm.

(ii) Fund Performance. The Trustees next reviewed and discussed the Fund’s performance for periods ended December 31, 2023. The Trustees observed that the Fund had outperformed the medians of its peer group and Morningstar Short-Term Bond category, as well as its primary benchmark, the Bloomberg U.S. 1-5 Year Government/Credit Index, for the one-year, three-year, five-year and since-inception periods. Based upon the foregoing, the Trustees concluded the Fund’s performance is strong.

Investment Advisory Agreement Approval (Unaudited) (continued)

(iii) Fee Rate and Profitability. The Trustees reviewed a fee and expense comparison for the Fund. The Trustees noted that the Fund's management fee and net expense ratio is above the averages and medians of the Fund's Morningstar category and peer group. The Trustees discussed that Channel attributed its higher fees to the relative size of the Fund compared to its peers. The Trustees noted, however, that Channel has committed to continue to waive its management fees and/or reimburse expenses of the Fund through at least January 31, 2025.

The Trustees also considered a profitability analysis of Channel with respect to the Fund, which showed that Channel is earning a profit before and after deduction of marketing expenses. The Trustees noted Channel's representation that it does not enter into soft-dollar transactions on behalf of the Fund. The Trustees concluded that the management fee represents reasonable compensation in light of the nature, extent, and quality of Channel's services to the Fund.

(iv) Economies of Scale. In determining the reasonableness of the management fee, the Trustees also considered the extent to which Channel will realize economies of scale as the Fund grows. The Trustees determined that, in light of the size of the Fund and Channel's level of profitability in managing the Fund, it does not appear that Channel is realizing benefits from economies of scale in managing the Fund to such an extent that the management fee for the Fund should be reduced or that breakpoints in the management fee are necessary at this time.
